Curriculum Vitae

PERSONAL PROFILE

Name	:	**Vanpanhapich**
Surname	:	**LY**
Gender	:	Male
Nationality	:	Cambodian
Marital Status	:	Single
Date of birth:	:	24-November-2003 (22 years old)
Current Address	:	#1AE0, St 161, Sangkat Veal Vong, Khan 7 Makara, Phnom Penh, Cambodia.
Place of Birth	:	Mundoul I Village, Sangkat Svay Dangkum, Siem Reap District, Siem Reap, Cambodia
Telephone	:	(+855) 76 6666 524
Email	:	lyvanpanhapich6666@gmail.com

EDUCATION

2015-2021 : **Angkor High School**, Phnom Penh, Cambodia
- Got grade A on Baccalaureate Exam

2021- Present : **Institute of Technology of Cambodia**
- Year 1 to Year 5 : Engineer's degree
- Major : Civil Engineering

Institut National des Sciences Appliquées Rennes
- Exchange student : Semester 1, Year 5

Work and Experience

- Internship at **RAD &C ENGINEERING CO., LTD** (2months duration) as a Site Inspection and Quality Control.
  - **On-Site Quality Control:** Conducted daily routine site inspections to ensure structural elements (concrete pour, rebar spacing, formwork, and alignment) complied with approved engineering drawings and specifications.

- **Defect Identification & Reporting:** Identified site quality issues, non-conformances, and safety risks, documenting observations in detailed inspection reports for senior site engineers.
- **Cross-Team Collaboration:** Coordinated with site supervisors, subcontractors, and construction crews to ensure timely correction of identified defects before final handover/inspection steps.

- Internship at **VS Prestressing CO., Ltd** (3months duration) as a structural engineering.
  - **Structural Modelling & Analysis:** Assisted in structural analysis, structural load calculations and computer-aided modelling for post-tensioned (PT) floor slabs with ABAPT BUILDER programs and CSI ETABS checking the result such as moment shear.
  - **PT &RC Design Support:** Participated in calculating tendon profiles, losses, and elongation parameters for post-tensioned concrete elements under structural loading conditions and design the column, beams reinforcements based on EUROCODE for RC design.
  - **Drawing Verification & Detailing:** Reviewed structural shop drawings, rebar detailing, and tendon layout plans to ensure compliance with relevant design codes and project specifications.
  - **Technical Documentation:** Prepared structural calculation notes and design summaries for review by senior structural engineers.

- Work as **Freelance Architectural Drafter & Designer** of SR_VILLA.
  - **Architectural Tender:** Produced full-set architectural tender drawing packages using AutoCAD and SketchUp, including site layouts, floor plans, sections, exterior elevations, and 3D renderings.
  - **Interior Detailing:** Authored detailed interior documentation sets covering custom built-in furniture, reflected ceiling plans, lighting design, and power/socket layouts.

SKILL

- AUTOCAD : 80%
- ETABS : 65%
- ROBOTS : 40%

- REVITS : 20%
- ADAPT BUILDER : 40%
- SketchUP 3D : 80%
- COMPUTER SKILL
  MS Word : 75%
  MS Excel : 75%
  MS PowerPoint : 60%

LANGUAGE

- Khmer : Native
- English : Upper-Intermediate
- French : Elementary

HOBBIE AND SPORT

- Hobbies : watching movies, listening to music, and read novel
- Sport : Football and badminton

REFERENCE

- Name : **Dr. OENG Thaileng**
- Position : Professor | Scholarship and Mobility Program Manager
- Institution : Institute of Technology of Cambodia
